INTRODUCTION

WELCOME TO AMI

Asset Management International (AMI) is a global physical asset management consultancy focused on helping organizations maximize the financial and operational return of their physical assets.

From asset strategy and fleet management to valuation, maintenance, procurement, financing, and disposition, AMI brings specialized expertise across the full asset lifecycle.

Our approach combines industry knowledge, data, engineering, finance, and hands-on experience to help clients make better decisions, improve performance, manage risk, and extend the economic life of their assets.

"From acquisition to disposition, we help organizations make their physical assets work harder, smarter, and longer."

– ASSET MANAGEMENT INTERNATIONAL, INC.

OUR PHILOSOPHY

Insight. Discipline. Impact.

We believe effective physical asset management starts with understanding how assets perform in the real world.

Our team works alongside clients to identify opportunities, address operational challenges, and develop practical strategies that improve utilization, control costs, reduce risk, and maximize long-term asset value.

BRAND OVERVIEW

WHO WE ARE

Asset Management International (AMI) is a global consulting firm specializing in physical asset management.

MISSION

To help organizations maximize the financial and operational return of their physical assets through disciplined strategy, specialized expertise, and practical execution.

VISION

To be a trusted global partner for organizations seeking better control, performance, and value from their physical assets.

CORE POSITIONING

AMI connects business strategy with physical asset strategy—helping clients make informed decisions across acquisition, utilization, maintenance, and disposition.

OUR JOURNEY

2003

FOUNDATION

Asset Management International is established with a focus on physical asset management and specialized advisory services.

2024

20+ YEARS EXPERIENCE

Decades of experience across physical asset management, fleet operations, valuation, maintenance, financing, and related disciplines.

TODAY

GLOBAL CONSULTING

AMI supports organizations across a broad range of industries and asset classes with strategic and hands-on physical asset management expertise.

LOGO SYSTEM

Our logo is the primary identifier of AMI.

To maintain a consistent and strong brand presence, always use the approved logo versions.

AMI MARK

PRIMARY LOGO

MONOCHROME LOGO

REVERSED VERSION

LOGO CONSTRUCTION

Our logo is built with precision and balance. The construction ensures clarity, consistency, and strong recognition across all applications.

GRID

The logo is constructed on a clear grid to ensure proportion and alignment are maintained.

$x = 1/4$ of the height of the AMI "I"

GEOMETRY

The logo is formed using consistent rounded strokes and precise geometric construction.

RATIO

The relative proportions between the elements ensure visual balance and legibility.

Always maintain the clear space and proportions to protect the integrity of the logo.

CLEAR SPACE

Clear space protects the logo from visual clutter and ensures it stands out with clarity and impact.

Always maintain a minimum exclusion area around the logo as shown.

Clear Space = 1/4 of AMI "A"

MINIMUM EXCLUSION AREA

The area surrounding the logo must be kept clear of text, graphics, images, and other elements.

EXAMPLE OF CLEAR SPACE

MINIMUM SIZE

To maintain legibility and visual integrity, the logo must never be reproduced below the minimum size shown.

Always use approved digital files and avoid resizing the logo smaller than the minimum recommended dimensions.

Never reproduce either logo below its specified minimum width.

Logo Mark

Minimum width: 15 mm

Primary Logo

Minimum width: 40 mm

INCORRECT SCALING

Do not scale the logo below the minimum size.

This reduces legibility and weakens brand recognition.

TOO SMALL

Do not use the Primary Logo below 40 mm in print.

STRETCHED

Do not stretch or scale the logo disproportionately.

COMPRESSED

Do not compress or scale the logo disproportionately.

INCORRECT USAGES

Maintaining the integrity of our logo is essential for building a strong and consistent brand identity.

Do not alter the logo in any way that compromises its clarity, legibility, and impact.

Examples of incorrect usage are shown on the right.

ROTATE

⊗ Do not rotate the logo or place it at an angle.

SHADOW

⊗ Do not add shadows or any other effects.

RECOLOR

⊗ Do not change the colors of the logo.

TRANSPARENCY

⊗ Do not apply transparency or reduce opacity.

GRADIENTS

⊗ Do not add color gradients within or behind the logo.

CONTRAST

⊗ Do not use on low contrast background colors.

COLOR PALETTE

Our color palette is bold, modern, and purposeful. These colors reinforce our brand identity and ensure consistency across all touchpoints.

Always use the specified values to maintain accuracy and brand integrity.

TYPOGRAPHY

Typography plays a vital role in expressing our brand personality. Our type system is clean, modern, and highly legible—designed to communicate with clarity and consistency across all touchpoints.

We use Gilroy as our primary typeface family.

Use the specified weights and hierarchy to maintain a strong visual structure and brand consistency.

TYPEFACE

Gilroy

A modern, geometric sans-serif typeface that ensures clarity, readability, and a professional tone.
